Dear Mike:

This is to express my appreciation for the very fine job you did during the summer working with Monitoring Operations Division. You learned office routines quickly and demonstrated commendable willingness to take on any and all jobs.

Even in dealing with repetitive tasks, you were always cheerful and positive about giving them your best. Please be assured that you did contribute toward accomplishment of FBIS' mission. Your colleagues in MOD enjoyed working with you, and would be happy to have you back with them in the future.

Sincerely,

STAT
